

Kodiak Electric Association, Inc. (KEA) is in the process of restructuring the Cost of Power Adjustment in the Rate Schedule.

What does this mean for you?

There will be no material changes to your bills. Utilizing the last twelve months of COPA information, we have included two mock-ups to show how the bills would look with the current rate and how they would look when revised. Here is a table for a side-by-side comparison:

KWH: 539				
	Current Rates		Revised Rates	
Energy Charge	0.138000	74.38	0.162000	87.32
Customer Charge	7.500000	7.50	7.500000	7.50
COPA	0.025125	13.54	0.000845	0.46
Total Charges		\$95.42		\$95.27

Currently, there are parts of the COPA calculation that involved renewable energy as well as diesel fuel. The renewable energy portion will move to base rates so that COPA can better capture what we utilize and spend in diesel fuel. This basically is a revenue neutral bill clarification. Your bill amount won't see any significant change, but the way components are added up will.

The KEA Board of Directors will be discussing this adjustment at the February 23, 2023 and March 23, 2023 Regular Board Meetings. You will see the adjusted rates on the May 1, 2023 bills. If you have questions, please call our office at (907)486-7700 and select option 3 to be connected to Member Services.

KODIAK ELECTRIC ASSOCIATION INC.

1614 Mill Bay Rd.
Kodiak AK, 99615-6234
