

Dear KEA Member:

**INFORMATION CONCERNING THE KEA PROGRAM
"FINANCIAL INCENTIVE TO MEMBERS FOR
INSTALLATION OF ELECTRIC VEHICLE
CHARGING STATION"**

The Board of Directors of KEA has adopted a financial assistance incentive for members of KEA who want to install an EV charging station at their residence.

A credit of \$500 will be applied to the KEA member's account and distributed evenly over 12 months once installation has been completed. The credit will remain with the electric meter, not the member. The member will be responsible for the cost of the installation.

It is the member's responsibility to contact KEA prior to installation. KEA will not approve past installations. The charging station electric system must be installed within 120 days of approval. It is also the member's responsibility to uphold all current standards and codes, as well as plumbing and electrical requirements. This is a limited time offer; KEA has the right to end this program at any time.

Should you have any questions concerning this program, please call Member Services at 486-7700. We will be glad to assist you.

We hope you find this program to be beneficial in installation of your charging station.

Sincerely,

KODIAK ELECTRIC ASSOCIATION, INC.
